Sorry you feel that way. At the doctor at the moment, not feeling great. Let me think and reassess. We probably aren't the right people for you.

REDACTED and i spent the day on the island,, what is perfectly clear is that , as i stated from the beginning it is impossible to do plans from new york, abramn and you need to spend serious time, with either me or REDACTED ON THE ISLAND< otherwise , we are wasting our time.. the living room light is dark , even with a wall of windows.. the kitchen entrance and island are who9lly inelegant , arrival on a overlarge island staring at the pantry door. with a circulation that is problematic.
