Dear Jeffrey

Finally I found Karim he is with the president in ivory coast in an emergency meeting to resolve the crisis in ivory coast , he will finalise some meetings to include Senegal , Gabon and Mali if we like to include it and from there we can go to south africa for the game parks also in the way back we can visit Libya if you want , Karim will tell me the dates he just want to make sure we don't come during the African leaders ivory coast crisis summit which they are discussing right now as you know ivory coast had a coup and Karim father is the president of Senegal and the eldest among the African leaders and his opinion is accepted by other leaders
