*Good Morning,*

*FYI - Reference the Zorro Development Service Contract with NM Waste Management, as of 12/1/10 the inactivity fee (monthly fee when we do not require a pickup) has been reduced from \$291.50 to \$100.00, this will remain unchanged for the next 36 months. Based on figures over the last 2 years from NM Waste Management and myself, this will result in at least a savings of \$1,300.00 per year. All other hauling and disposal charges will remain the same.*

*If there are any questions or concerns please call*

*Warmest regards*
