Hey,

I just downloaded an app for my iPhone called WhatsApp.

It is a Smartphone Messenger which allows me to replace SMS and chat directly
with my friends and contacts. This app even tells me when somebody is typing back
a reply!

WhatsApp integrates seamlessly with your existing phone Address Book and there is
no PIN or username to remember.

Get it now from http://www.whatsapp.com/download/ and say goodbye to SMS.

Sorry for all the typos .Sent from my iPhone
