Title: Tonight

Just got off the phone with [REDACTED]...we are 12...6 boys, 6 girls...
This includes Charlie Rose and date.
We are waiting to hear from David Blaine...I spoke to his assistant and she will call me asap.

Now- I am HYSTERICAL about the table...I know you have gold ballroom chairs coming today...

I suggested to Lesley to call David Monn asap and get him over to set the table and do flowers...
I will DIE if the table looks like Yum Yum Kipper. Please tell me you are on the same page...and NOT sending an
assistant to the flower market.

The food is less a concern...as a smart JEW, I know you can handle that and it will be delicious.
HYSTERICAL Peg
