Please for your eyes only – do not forward.

She is super busy as there is a lot of changes in French gov these days. And she is working very closely with President.

Sorry that it did not work.. Next time for sure.

See you on Saturday at 1pm and then later at night!

Hi Boris,

Unfortunately I didnt get a chance to see Joanna or Jeffrey, I was in Seoul for 12 hours only and had to look after my president so couldnt leave the conference center - then we had quite a busy weekend in France with the reshuffleing of the government!

For the YGL paper, I am available - Paris time - on Friday afternoon (19 november) or monday afternoon (21 november), then am off to Canada for G8 stuff then available again on Friday 26th. Do any of those dates work for you?

Otherwise sometime this weekend.

All the best,

Consu
