I was talking about the cache, which takes so long. Other results take sooner.

What we did not count on was the lack of content, which had to be created, as well the massive amounts of this crap that is out there, and bloggers who are continually adding.

We are working very very hard on this. It is not an easy situation. I am calling in a lot of favors with people working on this, so I am really working this hard.

im looking forward to seeing results,, last month you had told me , i would see them at the end of october,, I made certain plans around that statement.. I hope i see some , now i understand that it will be 2 to three months before substantial results ,, lets wait and see if we get movement by oct30 or so, we can gearup
