I have reviewed numbers and as suspected company has no cash and is loaded with debt. That is quite evident as they can barely make a 6,000 interest payment to you. I am free to discuss with you whenever you would like. I have about 20 questions for their controller as numbers are not clear at all. Is there a particular emphasis of this company that you would like me to focus on when I call them.

Is this regarding converting your loan to equity?

Please advise
