Hi Al,

We met over the summer when you spoke at SU. I thought that you gave an excellent talk, and believe that Jeffery's science site and philanthropy work are important. I would like to have a conversation with you about how Singularity University might be most effective in applying for a science and technology education grant that leverages our team projects.

In the mean time, I am asking Ken Hurst at SU to provide a link on our media partners page to Jeffery's science site below. I trust that you and Jeffery will ensure that the site maintains high standards for scientific rigor.

Warm regards,

Neil
