Thank you so much but the medical air service offers door-to-door service so they will transport her via ambulance from the plane to the hospital. I will keep you posted - enjoy your trip.

Good evening Jeffrey,

Jeanne's daughter, [REDACTED] had a bad accident while playing in a volleyball game. She broke in three places the distal growth plate of her femur. She needs to have surgery and it cannot be done here since she needs a pediatric orthopedic surgeon. Jeanne found someone in NY who can perform the surgery.

Jeanne is trying to get [REDACTED] out of here but she cannot fly commercially because 1) there are no direct flights until later in the season and 2) she is in such great pain that she has to be on morphine. Jeanne will be

contacting the air ambulance tomorrow but there is no guarantee that they will take her. Is it possible to use your jet? Jeanne does not know that I am asking but she is beside herself so I thought I should reach out to you. She did call Darren about this but he told her to call Larry so she figured she should not even try.

Please let me know and I understand if it is not possible.

Warm regards,  
Cecile
