Hi Al,

How are you? I trust that this email finds you well. I am always following you on FB, you lead a very interesting/rich life!

I have advised my Web designer to add the code for the J Epstein site, it looks awesome! I can't wait to see more!

Incidentally, I would love to talk to you about my projects in science communication, perhaps we can finally find a way to collaborate, and I could even quit my job in Wall St and come visit to Malibu ;-)

Would you like to set up a time to speak this or next week? I need your advice on some aspects of a physics project I am preparing a talk for TedxEast.

Debbie
