Jeffrey,

Larry Morrison confirmed that date is firm Nov 1st for input of GII, actual due date of inspection was in mid October, and extension gives you till end of month for compliance, we are in our extension time till Oct 31,,

This inspection includes a ComScan (x ray) of the pressure vessel in aft baggage area, very important structural integrity check.

When we depart to LSJ Sunday, should I plan an early input of Gulfstream to Maintenance? Or do you plan a return to NY before Oct 31st?

I have negotiated a \$5000 fuel credit with this maintenance facility, and Boeing is only 2 hours from St Thomas at this time, since its parked in palm bch.

I will work cost of Boeing to abu Dhabi from New York.

Thx

Larry
