Thurs I have a conference all day. Let's do wed (please). Tell me what time and I will arrange around you. Maybe we should meet at like 5:45am and talk when the sun is coming up and the tug boats r docking on the hudson?! It hurts at first to wake up early but I love lurking when the city is ayawn.

And, yes, I made up that word.

Brought to you by the letter G and the number 1...
