Good morning,

But I did offered. I said if there is anything I can help you with here in London, because I'll be here so I can do anything you ask in spare time, after work...and anyway work will finish soon...
I've settled down (here) as you suggested and I stoped modeling, and I'm taking life much more serious...that serious that sometimes it scares me.
Sometimes I don't understand what shall I do so I'll make you happy...
And helping myself? What do you mean?

any news.. ? , I am disappointed in what has happened. It would have been nice for you to offer help , kindness assistance to me. instead, im afraid it is only one way. -from me to you . I have been there for you for over two years. You have followed you own path , in contrast to my strong suggestions. Like our night at the palace, it was easy , you were perfect and no one cared about your clothes. I will help you AFTER and only AFTER you start helping yourself
