Subject: Projector Demo

Jeffrey,

Nick has been advised he can have the 3D projector for lsj demo starting next Monday, he can have unit for 11 days, on the 11th it must be in manufactures possession.

Plus, Nick has to fedex the projector at our cost since its to big to take via airline baggage, and the manufacture does not know this unit is traveling to St Thomas, since they considered this to far for a demo unit to travel, Nick is willing to take the chance as long as we can get the projector back to the manufacture in time, he's hoping we'll be able to bring tv back from lsj on gulfstream if the schedule works out,, plus this is suppose to be a new unit, and if you like it, he's hoping to leave it on lsj,,,
Do you think this time frame will work for you?

Thx,

Larry
