Jeffrey would like the focus to be on the "schedule of science" before we start planning anything else. He really wants an agenda before we move forward.

Subject: Origins social activities

Good morning Cecile and Judi,

Lawrence would like to schedule some activities for the participants of the Origins Project External Advisory Committee meeting. He suggested a dinner at Havana Blue on Saturday night and perhaps an outing to Coral Gardens on Sunday afternoon. He is also interested in hosting a reception for participants on Friday evening.

The head count for each of these events would be about 20 people.

Please let me if I can help arrange these events. I've copied Lawrence, if you have questions.
