I am convinced she will be a useful addition.. she plans to 'observe'  
but she is so remarkable that I expect  
you will enjoy her, and she will improve the discussion in the end..  
Also, it is important I think that she get a sense  
of exactly what we can do, because, from a practical perspective,  
she is going to help make it happen.  
You will like her.. I do.. she is one of my favorite people at the  
University.

In washington DC now.. feeling a little more invigorated and upbeat.. even though I  
still haven't slept more than 6 hours in the past few days..
