Subject: Re: agenda revised

Hi Lawrence,

The agenda seems to be shaping up. I recall that several people do not arrive until after 8 PM on Friday. I have sent Judi all the itineraries that we have thus far. You are set to speak to the group at UVI at 4 PM on Friday, Novemebr 12th. Lastly, please keep in mind that the Foundation cannot pay for a scuba diving excursion so that would need to be covered by the attendees, if they have an interest.

Best,

Cecile

Subject: agenda revised

Things are getting more settled.. I have tried to get a quantum computation person and 3 key people have said no.. I have an invitation to Charles Bennett at IBM in, and if he doesn't respond then I think we can give up.. Assuming we have no one in that area, I have revised the agenda..

It now gives 1-4 on saturday as free.. but we could all go to Jeffrey's island at noon on sat.. and have lunch there as well. I thought of getting Arnoldo Falcon do do a snorkling/diving excursion on Saturday, which we could do, for those that are interested, off of Jeffrey's island in the afternoon.. we could even do the afternoon session there if there is an

appropriate place.

Note that meeting ends earlier than it would have otherwise (i.e. 7 pm), so we could perhaps go to Havana Blue on Sat night?

I have left Sunday afternoon free:.. I was thinking it could be free for people to do whatever they want (those who have not already left), and then perhaps we could do an evening event at coral park, like we did last time?

AV needs: hookups for laptops to projectors... blackboard.. that should do it.

LMK

Agenda:

Friday:

Friday 4 pm Public Lecture by Krauss at UVI..

Friday afternoon reception 5-6 pm

Opening remarks: 6-7 Lawrence Krauss: An overview of Origins activities and focus areas 2009-2011

Dinner

Saturday:

9 am-12

1. Cosmic Origins:

Wendy Freedman

John Mather

Alan Guth

Lunch 12-1:00

Free time 100-4:00 pm

(or combine both on Jeffrey's Island)

4:00- 7:00 pm

2. Evolutionary Dynamics, Human Societies, Human Origins

Douglas Erwin

Neil Shubin

Kim Hill

8 pm Dinner

Sunday:

9 am-11 am

3. Origins of Life, and Synthetic Biology

Ariel Anbar

Craig Venter

11-12 Future Planning, communication etc

Lunch 12-130

Afternoon Excursion

Evening.. entertainment of some sort.
