**Subject:** Interview

I just finished the interview with the director of HR of Hyatt. She explained me very well that in hospitality I can't get a job without a school in this domain, and at least a year of hotel experience. She advised me to go to school, and after to apply for an unpaid internship (is always unpaid for students, or just graduated with no experience like me). She explained that I would have to do all the jobs, from cleaning rooms to kitchen. The work hours is up to 12 hours a day sometimes, even though it should be 8. I'm not happy...but now I understand more what you meant with sex slave! Is not sex the problem :))!

I'm afraid of not being able to succeed! :(
