Subject: LSJ quotes and 6th floor

[JE LSJ REV1 9-20-2010.pdf](#)

Here is the quotes for all the mentioned area's. The Speakers pick out for the Pool and Tiki Hut are going to give us great sound and unreal volume. These are the speakers that are used for Concert Arena's and Night Clubs very good stuff

I put an Apple TV in each area, when we connect these all to the same network they will be able to share the same i tunes file that will be hosted on the mac mini in the theater. A Ipad will be given to each area for control. The theater one will become the whole theater remote control same as for the 6th for in NYC.

Please let me know if you have any questions.
