I need authority to move forward and get the cabanas done...In the past that has worked wellit seems that [REDACTED] and [REDACTED]'s direction may not be what you want....you and I might need to talk directly..

I think we should get some 3d renderings going so you can visualize what I am proposing....about 2500 dollars each....might need two
One to start off with

.
Heard you talked with MB today....this location on 58th is perfect.

We have burnt through the retainer...so please have Rich send us another 15k please. Matt has been in touch with him and he has all the back up....he requested pay stubs so as to clarify the hourly rates....my acct is sending that to him tomorrow or friday.
