**Subject:** Krauss-trip to Univ. of Cambridge

Krauss agrees the key people to meet at Univ. of Cambridge are Dawkins and Rees. He says he would be "happy to make connection, or fly with him sometime if he wants. But I will be leaving for Australia sept 23, returning the 3rd of october.. if he wants to fly to cambridge and then on to australia fine.. otherwise I would have to do it another time.. or simply help hook him up with these people"...

I have emailed Krauss back asking him to go ahead and give you some names of people he believes you would find interesting...
