Subject: RE: Offer on S76 C++ serial number 760750

This email will confirm a purchase price of 12.2m for Sikorsky s-76C++ sn 760750. Closing to occur ASAP, we will have contracts to you early next week. Helicopter will deliver with standard Sikorsky new aircraft warranty balance (started 3/10 actual warranty 2 years 1000hours.) Also standard 2 pilot 2 mech training at flight safety.

All systems will be in working order as with new delivery. Pre buy at location of your choice, please advise , helicopter currently in Virgin Islands...failure to close you pay for movement at 2500 per hour rate, if you close no charge.

I think this covers the high points, what is your date to place into pre buy and when for closing

Contract signing will require a 200K deposit
