I will put Danny's info in directory. When would you like to try to schedule him?

JE

thanks for coming, sorry i had no time to sit and chat with
danny

He's now back in NYC for good, sold his Princeton house and is living a few blocks from you on East 73rd St. for several months while his coop in the village is being remodeled. Invite him over for a one on one.

By the way, his wife Anne Treisman, wrote the most widely cited paper EVER in psychology. On The Binding Problem. She is sharp and every bit as eminent as he is. (her daughter Deborah is Fiction editor at The New Yorker).

Great dinner, by the way.
