Peggy Siegel would like sarah to email her a complete list of yes's and no's of the people that were spoken to prior to her getting on her airplane to Venice today at 6:15. She also wants to know if she should cancel the florist and caterer...although she thinks you should use them for the scaled back party on the 18th to make sure you like them. She would really appreciate a call before she leaves. [REDACTED] cell) ([REDACTED] office)
