Title: Fw: Thank You.

Have not communicated with you since I got here and I am sorry. I have not stopped going to films and networking. My new best friend is Naomi Campbell!! And Vladimir her Russian hunk and Peter Brant and diamond dealer Laurence Graff and all the filmmakers...

Here is an example of a reaction to a film I just saw to assure you I am working...writing my diary too. More to come. Miss you. xoxo peg

Can you ask John if I can have his email...I am sure I have it at the office....and/or just forward this to him.

John:

From Five Corners in Queens to endless streets in Naples, you have come a long way baby. What a mature, loving and accomplished portrait of a city, it's people and their love of music. The lyrics, melodies and voices are all sensational. But as you say....it's the passion that makes these people and your film sing in perfect pitch. Without any plot you manage to take the audience on a magical trip of a collage of sights and sounds and keep us glued to the screen. Bravo to you and your beloved Naples. Your friend...and loyal fan. xoxo Peggy  
Will do anything to help you in New York.
