Had very nice weekend with not touching my computer and phone to much! Phone detox :)
hahahah

I want to learn and know both sides very well so I can make my own decision what to believe or not. Because these times half of science researches are bought by the companies that need some science based advertising, so it is not that trustable too.

Thank you for the links!!!!

I will try to get you to read real science you will be forever in danger if you are unable to tell bullshit from truth. THe reason I tell girls to go to college is they learn how to tell truth from fiction. science from myth, wanting to believe is attractive but silly, it is the road to failure. wanting to win the lottery is ok, if you know it is unlikely
