Hi again,

I should have mentioned yesterday, the woman that is helping me set up the massage arrangement at Ailey is leaving for vacation after today. If its possible to get a letter saying how much the grant is, what its for and who its from, I can pick it up this afternoon.

I was thinking that maybe my old roommate could better help you find girls for your people. She still works at the club. She's very pretty, very sweet, very smart. I'm sure she'd be happy to meet you and help.
