[REDACTED] told me the menu Ryan has put together is approved and you are going with him.

-I have called David Castle (the Caterer) and cancelled him.

-Would you like me to send out another email soon to give everyone the time of the party (more details)...I need to know the time! Is EVERYONE allowed to bring a significant other?

-Are there any other children coming to the party? Steve Hanson is asking...he wants to make sure you really want to have his kids there.
