Subject: Re:

hi,

I'm at work :(And I didn't fix my laptop yet...so no internet at home :((

I have appointment at apple store next week, I really hope they will fix it.

Tomorrow will be in Barcelona, untill monday...very happy!

About work...I can say I'm a bit slow, is a bit more difficult then I believed it would be. I did a presentation uppon market research but I still have to work on it before showing it to my boss...

I'm shy here so I didn't connect with the people so much. At least from my point of view more it wouldn't be necessary anyway. But if I want to keep this job after I have to communicate more for sure. I still have unsecurities regarding my english even though I don't talk at all in [REDACTED], just english.

kisses
