Jeffrey,

How are you? I hope you had a good summer.

Two things:

One, last I heard the Sultan was consulting with an integrative medicine-trained developmental pediatrician at Beth Israel.

Second, last I saw you in March, some of your numbers were not normal (eg cholesterol, uric acid, etc), and I wanted you to redo them in April. I hope you have done this. If not, I can send you a requisition to go to a local lab (or do with us if you are coming to NYC) to see what remains to be done to have you physically in great shape.

Let me know what works for you.

Regards,

Woody
