I am happy to pick up Jeffrey myself... I have room for only 1-2 people in my car.. my assistant Jessica can also take 3 people so that may work if necessary.. just let us know.. and where I should pick him up if he wants to go in my sports car.. :)
Re where to go.. probably easiest to take him to admin building where I park.. corner of College and University st. in tempe..

Jessica is cc'd on this and she can follow thru during my meetings today.

Hello Lawrence (and Jessica!)

I'm sure our pilot will arrange for a car to pick up Jeffrey and his crew...where should he go? Need address and phone number please...

On the list for security reasons should be:

Jeffrey Epstein
Igor Zinoviev

They may not all go with Jeffrey to visit the Biodesign center, but I want you to have their names just in case.

right now, since I haven't heard from you, I am assuming you are arriving at 11 a.m. If you arriving earlier good.. Some questions:

1. do you need to be picked up at airport? If so, how many people?
2. I need names of people for visit to Biodesign, which is high security
3. I am arranging meeting several interesting people and places as well as talking to me.. these include (possibly) some of or all of: biodesign facility, Inst. for Human Origins researcher Curtis mearns's lab whose recent discovery of use of tools 4.2 million years ago, and Manfred Laublicher, theoretical biologist who is from the Martin Nowak camp in Austria, tour of our mars facility and the largest meteorite collection in the world.. the decision theater etc... OK?
