**Subject:** Hope you feel better...

If i could tell a joke, i'd tell you one to make you laugh. If i could sing, I'd sing you A Heart of Gold to lift your spirits. If i could play an instrument, I'd play Eine Kleine Nacht Muzik for your pleasure. But since I am obviously without talent, I'll make a simple wish tonight that when you wake up tomorrow, you're feeling all better. xoxoxo/ [REDACTED]
