Eric Sinoway sent his information to me via email earlier in the week...but I did not receive it?! We just did some test emails back and forth and all seems to be working fine. He will be sending me the information again via email, but he also wants to send you some things that are hard copy and cannot be sent via email. He wants to send out Monday for a Tues. delivery to you.

Is it ok for me to give Eric Sinoway your PB house address?
