we should have enough of the wall done so we can rough grade before your next visit

how do you see landscaping design plants ,irragation,lighting,you directing Peter and Igala , Steven doing a plan,omar from DR didn't respond ,one of the local companies you worked with before?

Irrigation: Rich sent Karen and Bill Rowles a memo to replace Scott Graff, my recommendation is that we send Igala to Fla to be trained in irrigation and work Scott out,when Igala is ready we could steal Scotts ass't for maintenance and Igala run the systems.

Gary

do we want to start thinking of landscape before we continue the wall near the office, we might need heavy equipment to get into to area, as opposed to over the wall. ?
