Hej!

Good news! The name of the neuroscientist from LeFrak: Antonio Damasio,  
[http://en.wikipedia.org/wiki/Antonio\\_Damasio](http://en.wikipedia.org/wiki/Antonio_Damasio). Se även  
<http://www.usc.edu/programs/neuroscience/faculty/profile.php?fid=27>.

"The premiere was followed by a conversation with Yo-Yo Ma, Bruce Adolphe,  
and Antonio Damasio moderated by science writer Jonah Lehrer. The  
participants discussed consciousness, creativity, music, and the genesis  
of the exciting collaboration behind *Self Comes to Mind*."
