hi from germany.. don't want you to think I am ignoring the form you sent.. have had a busy week in europe and am lecturing again to day at the max planck institute... will get to this when I return.. My recent paper was accepted by Science btw, and I just submitted a new one on Monday.. so doing some useful things too..

Let's talk concretely about:

1. visit to Phoenix: either sometime between April 23-May 1, May 11-22 (Nancy is visiting May 14-22 so that may occupy some of my time, and there is a meeting on the Rightful place of science May 16-19 at which both I and nancy have to lecture.. then she heads to australia and I head off to Tokyo), or, after my IRS audit June 14th, when I will be heading back to Phoenix for a couple of weeks before heading up to Vancouver to lecture and then to Australia for July to work..
2. going somewhere together to vacation and talk.
3. a time for Origins Advisory Board meeting in St. Thomas?.. Nov?

etc.

all best

Lawrence
