Good morning!

I sent them to El Brillo. It is called Tranquil Sleep, by natural factors.... in case you want to look it up. I tried it and liked the deep sleep I got. 5-HTP is the latest thing that people are touting and my doctor suggested it as well. Just wanted to help out. Anything I can do for you, especially for your health (since I have studied so much and love it) I am so happy to do. If you don't get it by tomorrow, let me know and I will see if I can get you some more.

How are you? What are you doing this weekend? xo
