in regard to mechanical at zorro, when every we have a issue i always call rich, as i did with the
cooling tower last year, outside of that issue the system has been running well i can monitor the
system anywhere through remote access

We have a contract with Jack's Mechanical who do all the filter changes and maintain the system
on a quarterly basis. Rich generally visits in the spring and fall to check system i will arrange a
time for him to come in May for his visit. I will make sure gary is aware that Rich is to be
involved in island AC projects
