**Subject:** S76 music

Jeffrey,  
if you are able to do a short S76 flight in the future, I have an amazing boom box that we can put in the cabin to see if you like music in the cabin,,since we have 110vac located in the cabin,,I have some great ideas for a subwoofer under the aft facing bench utilizing one of the drawers, then installing, mid and tweeters in each of the cabin doors hidden...since your s76 is so quite, it just may be the way to go?  
thanks,  
Larry
