WM

I spoke to Rich last week about sending the wire out to ETC for a 50% deposit and realized, after speaking with him, that I did not have that total cost included as an estimate in the quote you signed. They had a line item identifying installation and programming at \$800 per day plus expenses. We expect to have LSJ and FTC installed and initially configured together between 5/3 and 5/14. This line item will be an additional \$11000 including airfare and accommodations. I just wanted to make sure this was ok prior to proceeding with the wire.

I would like to be there during this time to assist as needed and provide direction. Just wanted to make sure that was ok by you as well.

Thank you,

WM
