**Subject:** S76D outfitting

Jeffrey,  
,,is this approved to send to Marc and Howard?  
lets see what price they come back with, I see no reason this should cost much more than their asking price, all this is standard interior outfitting,  
thx,  
Larry

Marc and Howard,  
Per my discussion with Jeffrey, here is a spec we would like to get quoted for the S76D model.  
Base price VIP executive "S76D" \$12,120,000.00 per the contact we received, to include the following outfitting.  
**-seat design wrap around seat back with Mercedes style fold down arm rest, like serial #750.**  
**-forward bulk head limo window same size as serial #750.**  
**-light switch location same as serial #750.**  
**-LED landing lights, position lights, recognition lights and rotating beacon upper and lower (this may be standard in Base line price).**  
**-Four Bose headsets only in passenger compartment, connected to cockpit Intercom system, located at each corner of passenger compartment.**  
**-NO entertainment or switching required.**  
**-extra year of warranty to 3 years total. (if memory serves correctly I remember seeing \$79,000.00).**

-credit of \$55,000.00 for the 10 hours of charter time from AAG that is included in base line contract pricing.  
All of the items I have listed have recently been completed and engineered for Serial #750 and are interior only modifications, and should have minimal if any impact on pricing.

Thank you,
