Again great talking to you earlier in day – as always indeed.

I was listening a panel discussion led by your friend Gergen – smart guy but there is too much politics for me ;)

I will see him almost every day for next 10 days as he is a co-chair of the program.

Some interesting people at the meeting. I think there are few that you might like meeting.

I checked my schedule – I have a Microsoft scientific board meeting – April 6, 7, 8.

I must be there on 8<sup>th</sup> as I am the only member covering life science and health care (there are total of 12 of us).

However, I could skip 7<sup>th</sup>. I could leave 6<sup>th</sup> red eye to NYC arriving around 7am April 7<sup>th</sup> and later in day take 7:45pm flight back to Seattle.

I travel so much that this is for me a piece of cake. If you think that it would be good for me – I can do it.

Please let me know,

Boris
