**Subject:** Wet paneling

In order to resolve our dispute over the wood paneling, we will come to the Island within 14 days to finish the paneling. This is with the understanding that we have advised you that to perform the finishing work, at this time, given the moisture level of the wood, would result in harm to the wood and surrounding structures.

If you wish to have us come and perform the finishing work while the wood is not dry, we will do so only if you execute a general release discharging us for any and all liability or claims arising out of this work. J .P.
