Coming off of the 12.9 offer, I can get to 12.65 with the reduced spec. (as defined this morning).

If there is no C in the mix and we do an \$8m down payment, I can take \$250 off, bringing it down to 12.4.

OR, if a two-ship deal, the 12.65 becomes 12.55 with 2M down in addition to the 85% of 12 down on the C.

Sorry Marc, not sure if I sent this already, just landed in PBI,
When do you think you will have a firm D price?
Or with my reduced specs, does the 12.1M cover it?
Thanks,
Larry

Are we done or is Jeffrey still contemplating a counter?

I know this seems an odd plan, but it works for us and gives Jeffrey lots of benefits.

Yes, if bundled with the C++. With that, he can work down from the 12.9 cap and still get the 12.0 of cash back from the C if 750 doesn't sell.

Happy to quote, but if disconnected from the March deal, it will be an April quote and price.

Marc and Howard,
Per my discussion with Jeffrey, here is a spec we would like to get quoted for the S76D model.
Base price VIP executive "S76D" \$12,120,000.00 per the contact we received, to include the following outfitting.
-seat design wrap around seat back with Mercedes style fold down arm rest, like serial #750.
-forward bulk head limo window same size as serial #750.
-light switch location same as serial #750.
-LED landing lights, position lights, recognition lights and rotating beacon upper and lower (this may be standard in Base line price).
-Four Bose headsets only in passenger compartment, connected to cockpit Intercom system, located at each corner of passenger compartment.
-NO entertainment or switching required.
-extra year of warranty to 3 years total. (if memory serves correctly I remember seeing \$79,000.00).

-credit of \$55,000.00 for the 10 hours of charter time from AAG that is included in base line contract pricing.
All of the items I have listed have recently been completed and engineered for Serial #750 and are interior only modifications, and should have minimal if any impact on pricing.

Thank you,
Larry Visoski
