I found out this morning that Mike's buyer is Martin Hughes. With that info I checked my files and had spoken to him ( assuming it is the same Martin) over a year ago. He wanted a demo when I told him it would need to be a paid demo he dropped off the map. I also spoke to Harrods at that time and they told me he was a con man. Perhaps this is not the same person but Mike tells me he will have an agreement by 2 PM edt today so I guess we wait.

As a side note there is a Martin Hughes who manages a fund un UK called TASCA FUND but I do not think it is him.

I am working a backup buyer but not able to close this quarter
