Hey Jeffery,

I hope all is well. My Professor sent me an email about a two week gravitational wave astronomy summer school program, and I was wondering what you thought about it? Here is the link: <http://phys.utb.edu/outreach/gwasummer2010/>

Thanks,
Alexa

Jeffery,

Its been suggested by a professor at Bowdoin, that Alexa does a two week course next summer on gravitational something.

Can Alexa send the details for you to say whether its worth while.

Alexa is cc'd

Thanks Jeffery
Jes
