A total of 64 people from the Chinese mainland made the Forbes magazine list of the world's richest billionaires, coming in second for the first time.

The US led the list, released Wednesday, with 403 billionaires. China was followed by Russia with 62 billionaires. Of the world's 97 new billionaires, 62 were from Asia.

Only 89 women made it in to the billionaires club, and most inherited their wealth. Of the 14 self-made female billionaires, seven came from mainland China.
