Title: Palm Beach

Coming Friday to Sunday on air Koch and staying at Casa Koch.

Will come see you.

Have all the Oscar poop.

Big secret (not with me knowing) Fox is so high on "Wall Street: The Money Never Sleeps" that they submitted it to Cannes (out of competition). Will know any day. That will be very very exciting...I am still in the film.

Also going to LA next Friday (on Charles Cohen's plane) because Oliver is going to show me the film...and The Secret History of the United States - a 10 part series of 100 years of our history of what coulda shoulda as brought to you my America's most liberal mind. He also has the third interview with Fidel Castro. Oliver goes nuts when I tell him my friends are the Fanjuls and Castro lives in their house in Havana. He says I sold out years ago for free jet rides...and he is so right.

Have event tonight

xoxo Peg
