Hi Jeffrey I didn't come down too much going on,I will be down soon.You are right world has never been so much on edge just went to Dubins hedge fund conference,I think you are 100 times smarter If I were Eva I would dump him and move in with you.It seems this President is out of his league on every front,except town hall meetings,I think the us economy cant be propped up by the govt and we will be in this mire for awhile.China will hit the wall soon too,No customers for consumer goods.The luxury housing market seems to be where the rich are heading also art and high end jewels no one trusts money,humans have an innate sense of pending doom.Peter Green is coming to ny in 2 weeks if you are in ny I would like you to meet him They just sold their coal business for 3 billion.Jonathan
